## Description and features

At only 20 mm high, the super-slim HALONESTRA® furniture luminaires provide a variety of lighting solutions with brilliant halogen light. HALONEA® adds modern design to the family of furniture luminaires.

- Very low-profile halogen batten luminaires with electronic transformers
- Ready to install with rocker switch, 2 m of cable and plug
- With two or three halogen lamps (HALONESTRA® up to five lamps) and reflectors integrated directly in the luminaire
- Through-wired to create strip lighting with plug adapter or connecting cable supplied (accessories)
- HALONESTRA®/HALONEA® dimmable with trailing-edge phase dimmer

## Technical data and equipment

### HALONESTRA®

- Equipped with pin-base lamp HALOSTAR® 64425 (2 x 20 W, 3 x 20 W) or HALOSTAR® 64415 (5 x 10 W)
- Mains voltage: 230-240 V/50-60 Hz
- IP20
- Colour: white

### HALONEA®

- Equipped with HALOSTAR® 10 W/12 V lamp
- Mains voltage: 230 V/50-60 Hz
- IP20
- Colour: white

## Accessories

- Connecting cable 100, 600, 1000 mm
- Socket element, socket/switch element (for HALONESTRA®/HALONEA®)

### Socket element, socket/switch element

The socket element is designed as a power feed unit for strip lighting comprising HALONESTRA®/LUMINESTRA® EL or HALONEA®/LUMILINE® EL luminaires. The entire strip lighting system can be switched on and off at the switch. Protection class I. Colour: white

HALONESTRA®/LUMINESTRA® EL or HALONEA®/LUMILINE® EL can be connected to form strip lighting using the plug adapter supplied. Using the plug adapter up to 8 HALONESTRA®/LUMINESTRA® EL units can be connected to form strip lighting. (For a description of LUMINESTRA® EL see page 34)
