OSRAM

Product family datasheet

DIADEM

Only amber or red during operation

Opal design
Thanks to state-of-the-art interference coating

Amber or red when ON
Only amber or red when operating

Extra lifetime
Up to double the service life compared with standard lamps

The design light with opal look

OSRAM DIADEM signal lights only emit amber or red light during operation – making them the perfect, attractive light supplement for halogen and xenon headlamps. Thanks to the state-of-the-art interference coating, the lamp shines in an opal look and is ideal for all indicator lights with clear covers. In addition, it convinces with up to double the service life compared to standard lamps.
