

Product family datasheet

POWERinvert 500W

Mains Power on the move
Provides 230V power in your vehicle, perfect for life on the move

Silent operation
Includes a low noise fan for minimal noise in use

Easy to use
Simply connect to your vehicle's battery using the clamps

Charges mobile devices
Includes USB port for charging mobile devices

Compact 500W Inverter for On-the-Go

The OSRAM POWERinvert Modified Sine Wave Inverter 12V DC 500W is a compact solution for converting 12V DC power to 230V AC, delivering mains power directly from your car. Perfect for business trips, road trips, and holidays, this inverter supports devices up to 500W, such as fridges, drills and computers. It features a high-power 2.1A USB socket, ideal for charging smartphones and tablets. Easy to use, simply connect to your battery with the included clamps. Its compact and lightweight design ensures convenient storage and portability.
