

# LEDguardian ROAD FLARE Signal V16

LEDguardian warning- and safety lights

**V16-Certified**  
LED warning light

**360° rotating warning light**  
Improved visibility and  
therefore increased safety for  
you and others on the road

**1 x 9V Battery included**  
Operational readiness

**Magnetic mounting**  
Due to the magnetic function  
the LED warning light can be  
conveniently attached to the  
car

Light is safety. See better and be seen better with OSRAM.

**Be prepared - with OSRAM LEDguardian warning and safety lights.**

The OSRAM LEDguardian ROAD FLARE Signal V16 is an LED warning light approved according to V16 regulations. The yellow-orange warning light function of the OSRAM LEDguardian ROAD FLARE Signal V16 rotates through 360 degrees and is visible from a long distance. In an emergency, it can provide crucial information about a dangerous situation in road traffic. In contrast to the warning triangle, it draws the attention of other road users to an unusual situation in traffic by actively flashing, distinguished from the simple reflection of a warning triangle.

With 12 long-life high-power LEDs with up to 140lm and 2000K, you can draw attention to yourself by day and night and, as a preventive measure, also make other road users aware of a dangerous situation such as a breakdown vehicle in traffic.

The compact design allows you to store the warning light within easy reach in the car and, if necessary, the magnetic function allows it to be quickly and easily attached directly to the vehicle roof. A further advantage is that the OSRAM LEDguardian ROAD FLARE Signal V16 can be used immediately thanks to the battery included in the scope of supply. The LEDguardian ROAD FLARE Signal V16 has been tested and validated in our DIN EN ISO/IEC 17025 certified environmental simulation laboratory for extreme external influences in terms of water, dust, heat, cold and impacts from falls. With the IP protection class IP54, the

## Product family datasheet

OSRAM LEDguardian ROAD FLARE Signal V16 is insensitive to water, dust and shocks.

OSRAM offers a 2-year warranty\* on this product.

### Technical data

Product description	Product information	General Product Information	Electrical Data	
	Application (Category and Product specific)	Global order reference	Nominal wattage	Nominal voltage
LEDguardian	Warning and safety lights	LEDSL102	6.00 W	9 V
Product description	Photometric Data		Physical Attributes & Dimensions	
	Color temperature	Light color LED	Width	Height
LEDguardian	2000 K	Orange	83.0 mm	57.0 mm
Product description	Length	Product weight	Base color	Lifetime Data
	83.0 mm	110.00 g	Orange	2 years
Product description	Additional product data			Capabilities
	Type of Battery	Scope of battery	Technology	Environmental & Regulatory Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACH)
LEDguardian	Alkaline	Yes	LED	Candidate List Substance 1 No declarable substances contained
Product description	CAS No. of substance 1	Declaration No. in SCIP database
