

## LEDsBIKE EXPLORER X 500 SET

### Up to 500 Lumen

The powerful LED technology provides powerful illumination

### Flashing mode for front and rear light

For enhanced visibility and longer battery life

### Individual lightadjustment

Lighting modes: High (100 %), Low (50 %), Eco (25 %), Flash

### Not available in GermanyLight up your adventure

Go further and ride longer with 500 lumens lighting your way through every adventure. Designed for demanding trails and adventurous rides, this robust lighting set offer enhanced visibility and safety – even in the toughest off-road conditions.

### Adaptable lighting for every situation:

The front light offers multiple modes: High (100 %), Low (50 %), Eco (25 %) and Flash. The rear light also features a flashing mode, which not only improves visibility from behind but also helps extend battery life during longer rides.

### Long-lasting power, easy charging:

With a battery life of up to 14 hours for the front light and up to 16 hours for the rear light, it is ideal for long journeys or commutes without having to worry about recharging. The included USB-C cable ensures convenient charging, while the battery and charging indicator keeps you informed at all times.

### Ready for any terrain:

The robust aluminum housing and transparent acrylic lens are designed to withstand the harshest conditions. The Garmin-compatible mount allows secure and stable installation and can be easily attached to handlebars with a diameter of 22.2 to 35 mm. Certified to IP54 protection, it resists rain, splashes, and dust – keeping you visible in all weather conditions. Backed by a 2-year OSRAM guarantee<sup>1)</sup>, it's the ideal choice for cyclists who demand reliability and performance.
